

To the Board of Directors and Management
Nevada Affordable Housing Assistance Corporation (NAHAC)

We have performed the procedures enumerated in Section V, "Scope of Services", of this report for activity that occurred in the fourth quarter (Q4) of fiscal year (FY) 2022. We were engaged by NAHAC management and the Board of Directors, to assist with respect to completing section 4.B of your "Commitment to purchase financial instrument and HFA participation agreement" with the U.S. Department of the Treasury (UST), related to the Internal Compliance and Control Program, as outlined in the Hardest Hit Fund (HHF) Risk and Control Matrix framework. We have also been engaged to test similar provisions related to the Nevada Homeowner Assistance Fund (HAF).

Management of NAHAC is responsible for its financial reporting and internal control systems. The sufficiency of the procedures performed is solely the responsibility of the Board of Directors and Management of NAHAC. Consequently, we make no representation regarding the sufficiency of the procedures described in Section V to this report for the purpose for which this report has been requested or for any other purpose.

The findings, recommendations, and observations pertaining to Q4 FY 2022 are described in Section III of this report. Prior findings and observations, including the current status on those findings and observations, are described in Section IV of this report.

NAHAC's legal counsel is responsible for the monitoring of general compliance with applicable rules and regulations.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on the internal control systems management has in place. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of Management, the Board of Directors, external auditors and UST. This report is not intended to be and should not be used by anyone other than these specified parties.

I. EXECUTIVE SUMMARY

We are pleased to provide our report on the internal compliance review procedures performed by Ellsworth & Stout, LLC (E&S). These procedures were performed for NAHAC covering Q4 FY2022, which includes the period of April 2022 through June 2022. The overall objective of this engagement is to assist the Board of Directors and Management in fulfilling NAHAC’s internal compliance and control program requirement per the HHF Risk and Control Matrix (RACM), as well as similar provisions related to HAF. NAHAC has evaluated the HHF RACM and believes the matrix risks, objectives, and control procedures would be similar for the HAF; therefore, the HHF RACM will be referred to as the RACM throughout this report and will incorporate both programs.

The internal compliance review procedures are included in Section V.

Unless otherwise noted, no unreported findings were identified related to the procedures performed.

RISK RATINGS

The risk ratings applied to findings in this report are based on our experiences performing similar procedures at other organizations. These ratings are intended to assist management with prioritizing the importance of taking action on the findings identified. We believe all findings, regardless of the risk rating assigned, if not addressed, could lead to significant issues. We recommend management track the resolution of findings identified, and any follow-up actions should be reported to the Board of Directors.

The definitions of these ratings appear in the next section of this report. In accordance with this rating system, we have assigned the following ratings for each of the RACM areas. These ratings are based on current quarter testing, as well as unresolved prior quarter findings.
